Subject: Duke Energy Rate Increase

Dear PSC,

I hope this note finds you doing well. I am taking this opportunity to express my sore displeasure of the rate increases you have granted to Duke Energy in SC.

While Duke Energy is a multimillion dollar company, the enormous rate increases have put an undue burden on the people of South Carolina. My understanding is because of a mistake by Duke Energy, the people of SC are having to pay this enormous burden. Why should any customer of any business have to pay for a poor decision made by the management of the company.

Small rate hikes are understood but not the increases that have been forced on the people of SC. Please respond and let me know your reasons to allow the enormous rate increases on the SC people.

Best Regards,

Phillip Coe
